

Context :

Peter took the elevator to the fifth floor. He went to talk to his professor. He was anxious to find out how the professor liked his draft. He walked up to the professor's office and knocked on the door. The professor looked up from his work.

How LLMs read the context :

Peter / took / the / elevator / to / the / fifth / floor / . / He / went / to / talk / to / his / professor / . / He / went / to / talk / to / ...

How humans read the context :

SituW reasoning

: Time : Space : Causality : Intention : Protagonist
